

Amendments to the Specification

Please add the following two new paragraphs after paragraph [0020]:

[0020.1] Figure 9 illustrates a round center limb.

[0020.2] Figure 10 shows two concave shapes.

Please replace paragraph [0035] with the following amended paragraph:

[0035] In addition to the exemplary embodiments of oscillating inductors according to the invention as described above with a symmetrical double-E core, there are also corresponding exemplary embodiments of oscillating inductors according to the invention with a symmetrical double-EQ core. In some exemplary embodiments, the double-E core or the double-EQ core in this case have two geometrically identical winding windows, a cuboid center limb or a round center limb (the surface 17' of which is schematically shown in figure 9), and two cuboid outer limbs or two outer limbs which are curved in a concave shape (18' and 19', see figure 10) on the inside as schematically shown in figure 10.
